

Milestone MS21

Work Package 6, Milestone 6.2: Repository

The West-Life Repository was developed as reported in Deliverable 6.2. The code is open source and available at <https://github.com/h2020-westlife-eu/wp6-repository>.

The purpose of this Milestone is to report that it has also been deployed by partner CIRMMP. The staff of CIRMMP is testing its use to support visitors to the CERM NMR facility.
